

Maxime Thureau

Looking for a
3-6 months
internship

UX/UI, Graphic designer

As an interaction designer I want to design impactful, efficient, simple and modern interfaces. I like to think about a product in its globality and create new interactions.

Professional Experience

October 2019 - February 2020 : Internship

Stink Studios, Shanghai, China

Technological, graphic design research. Created wechat miniprogram interface, interactive installation, motion design and user experience prototypes. Mapping project leader for a special chinese choral concert.

November 2018 : Personal project

Created graphic design assets (emotes) for a Twitch streamer.

July - October 2018 : Internship

Serious Factory, Suresnes, France

Established graphic designs for Royal Canin, SHELL and UEFA serious games.

Created videos to introduce games.

Education

2019 - 2020 : Interculturality Design Master Degree

China Studio, L'Ecole de design de Nantes Atlantique, Shanghai, China

Discovered and immersed in a different culture from mine to learn to adapt to the need of the users.

2017 - 2019 : Interaction design Bachelor's degree

L'Ecole de design de Nantes Atlantique, Nantes, France

Acquired skills in wireframing, designing, prototyping and user testing through different projects.

Learned to film, to edit videos.

Managed teams in design projects and agile process.

2016 - 2017 : 1st year first cycle in global design

L'Ecole de design de Nantes Atlantique, Nantes, France

Experienced the product, graphic packaging, interior architecture design.

2015 - 2016 : 1st year first cycle in global design

Créapole, Paris, France

Merci Gustave Competition: Last selection.

Designed a 3D model of the Eiffel Tower for a resin mould and an original graphic design.

2014-2015

Baccalaureat in Scientific option Computer Science equivalent to A levels
